~~Order~~ ~~Ms.~~ No. _____, dated Ref J. No 11-3a-187-1-1938.
~~Resolution~~ ~~Rout.~~

In the errata list to the M.S. Resett. Regr. of Puttur village, Puttur Taluk sanctioned by the Collector in his S.O. 4073/38 of 5-7-38. Correction is proposed in Col 8 and 9 of the register in respect of the extent and assessment of R.S. no. 266-1. But in the M.S. Resett. Register the entries in cols. 4 to 7, 9 and 11 have been scored out leaving only the figure 13.85 acs in Col 8. It is not known why these entries have been scored out. The Collector is requested to explain the same discrepancy.

Sir,

Accounts - Village - Manuscript resettlement register
(South Kanara district) - Puttur taluk - 47 Puttur - Errata list
Discrepancy -

Board's Ref. J.11/39-1 dated 7.1.1939.

I enclose herewith an extract from the Taluk copy of the resettlement land register, relating to the plot S.No.266/1 of 47 Puttur, which shows that the entries in columns 4 to 7 and 9 have been retained, though they appear to have been scored off in the Board's copy of the manuscript resettlement register. The Tahsildar of Puttur Taluk reports that the plot S.No.266/1 of Puttur lies within the limits of Puttur Town and is subject to be assessed at the ground rent rate of Rs.11-4-0 per acre. Apparently therefore the entries in columns 4 to 7, 9 and 11 in the Board's copy of the resettlement register, were scored out as it is usual to do so in such cases, though the entries have been retained in the Taluk copy of the resettlement land register. I solicit instructions of the Board as to whether in such cases the existing entries, if any, in columns 4 to 7 and 9 of the register against the lands concerned may be scored out and the remark "ಗ್ರಂಥಕ್ಕೆ ಸಂಬಂಧಿಸಿದ ವಸ್ತುವು ದತ್ತವಾಗಿರುವುದರಿಂದ" (available for assignment subject to ground rent) noted in column 11 of the resettlement land register.

The collr. of South Kanara is informed that the existing entries in cols 4 to 7 + 9 of the taluk copy of Resettlement Regt of Puttur ^{Town} Taluk ^{relative to prominent houses} should be scored out as in the Manuscript Resettl Regt + the remark "available for assignment" ^{subject to government} ^{noted} in col 11. The same procedure ^{to secure uniformity} should be followed in the ^{accounts of} the other towns in the district.

framed rent.

From scrutiny of the reset^(X) registers of Tannevelly town, Kodaikanal village and Madure town, it is observed that in the case of S nos which have been assigned or which are found suitable for assignment as Haveli etc. the practice is to enter the description and tenure of the field with extent and assessment. A remark is also made in the last col of the register that it is assigned subject to framed rent or available for assignment on payment of framed rent.

The same practice may be ^{adopted} ~~applied~~ in the case of S no 266, reported of Nether village reported by the Col^l of S Kanara.

In Puttur town g.r. was raised only at the last resett., it not having been a town at the previous sett. But g.r. was in force in Mangalore even at the previous sett. and before thinking of copying the practice of other districts we must see how the g.r. lands of S. Kanara were entered in setts till the last resett. Please note how the g.r. lands of Mangalore were run till sett.

No Settlement register relating to Mangalore is available. The Settlement register relating to Mangalore taluk village (No 107) does not throw any light on the point raised by the As (Sett). BOP Misc 187.8 of 15-5-35 dealing with the revision of ground rent in the S. Kanara St. may perhaps contain information as to how the ground rent lands in the S. Kanara St. were exhibited in accounts with the settlement. This BOP is put up in a B Section file which is in circulation to the Secy. It receipt may be awaited and in the meanwhile the Comr. may be asked to report on the points. Subject to approval, Draft reference to the Comr. of S. Kanara is subd.

2/- The question relates ~~only~~ to the

Revision in columns 4 to 7 and 9 of the Reset Register for the S. Kanara sh, the form of which was approved by the Board in B.P. misc 405 of 29.1.35, necessary particulars in respect of lands ~~assessed to ground rent and those to be assessed to ground rent~~. While approving the form of the reset register for the S. Kanara sh, the question did not then arise.

3/ While examining the errata list to the MS reset register, submitted by the Com in his D.O. 4073/38 of 5.7.38, it was found that in respect of Retno 264, of Puttur village, Puttur taluk, the entries in cols 4 to 7, 9 and 11 were scored out. The Com was asked to ^{explain} reconcile the discrepancy. The Com replied that these entries were retained in the taluk copy of the Land Register while they were scored out in the MS. Reset register as it was usual to do so in such cases. He further stated that the land in question was one to be assessed to ground rent, being within the municipal limits of Puttur town, and that apparently therefore the entries in cols 4 to 7, 9 and 11 were scored out in the MS reset register as it was usual to do so in such cases. He however requested instructions whether in such cases, the existing entries in cols 4 to 7 and 9 of the register might be scored out and the remark

available for assignment subject to groundrent noted in Col II of the resett land register (~~presumably~~ ~~the resett register~~)

4/ As groundrent was not in force in Puthur & The previous settlement, it not having been then a town, The Colr of S. Kanara was asked to report how the groundrent lands in Mangalore, where ground rent was in force even at The last settlement, were exhibited in the accounts till the resettlement.

The Colr's reply at p 9 c 7 shows that in respect of groundrent lands particulars regarding description, soil classification, taram and rate per acre etc. were furnished in the accounts till the resett.

and that after the resett, these particulars were omitted and the columns left blank excepting the appropriate column relating to the extent of the land. Pervsal is in this connection solicited to paragraph 9 of the 8850 (present As (sett.))'s proposals for the revision of ground rent in the S. Kanara St. He proposed that the present practice of recording the description and soil classification of lands assessed to groundrent in the Adangals need not be continued and that these particulars might be omitted as in the East Coast towns. This proposal was approved by the Comr. in G.O. No. 1059 Rev of 6-5-34.

- It would therefore appear that with reference to these ^{concerned} orders, the Sett Party had served out the relevant

para 3 of the
G.O. of 6-5-34
7(1)

entries in the ms Copy of the Rediff Register sent to Prots. through in the Land Registers furnished to the Land Office. The entries had not been scored out.

2 The case of Mangalore Revenue, The Left Party
Screedant has left the ^{concerned} ~~relevant~~ columns in the
Land Registers furnished to the taluk office blank.

In the Circumstances and to secure uniformity
The Comr's proposal at 'A' at p 3c7, may be
approved. For advs.
